

To Whom It May Concern:

Please be advised that essential tree surgery works are to be undertaken along Hurn Road. These tree works are to be undertaken during the evening between 19:00 and 00:00.

It is necessary to undertake the tree works during this time due to the traffic management constraints along this busy stretch of highway

This tree work will involve the felling, dead wooding and pruning of tree canopies that overhang Hurn Road to ensure the safety of trees adjacent to the highway and allowing for adequate clearance for vehicles using the highway.

**The tree works have been programmed for
the week beginning 14th July.**

**We apologise for any inconvenience that this
may cause.**

**If you have any queries or require further
information please contact the County Tree
Management Team – 01305 221000.**

**James Bennett
East Area Arboricultural Officer**
